

NOTIFICATION OF WORKS

Footpath Reconstruction, City Road, Southbank.

Citywide, on behalf of City of Melbourne, are about to commence construction which may impact you.

Where: City Road between Southgate Ave and Southgate Ave, Southbank.

When: From 29th of October 2025 until 13th of November 2025. Works will occur on Weeknights & Weekends Afterhours between 7:30pm and 5:30am, weather permitting.

What we are doing: Reconstructing the asphalt footpath on North Side of the street.

Why: Over time, sections of the footpath have lifted, creating an uneven surface that may pose a safety risk. To ensure the footpath remains safe, accessible, and in good condition for everyone, the Council has decided to carry out necessary replacement works.

How could this impact you?

We appreciate your patience and understanding while we complete these important improvements. Every effort will be made to minimise disruption during this time; however, the following impacts can be expected:

- There will be construction noise and some dust from machinery and construction vehicles for periods of time during the working hours.
- Residential vehicle access may be impacted for brief periods (during these times please liaise with Traffic Controllers on site).
- Pedestrians & vehicles will be detoured around the worksite as required.
- Traffic Controllers will be on site to ensure that non-local traffic does not enter while works are underway.
- Parking signs will be changed within 24 hours prior to construction work starting to ensure

the area is clear for the necessary works to be undertaken.

- The temporary parking signs will state 'Authorised Council Contractors Excepted' and the signs will look like this:

- A Reserved Parking Permit is a special permit issued during construction on occasion. **Please note that standard resident or other parking permits cannot be used.** Any vehicles parked in the area that do not have a Reserved Parking Permit displayed after the parking signs have been changed may be issued an Infringement Notice.

Site Map: A site map can be found at the back of this letter.
